WORKSHOPS FOR SCHOOLS					
NAME	**TOPIC**	**AGE**	**TIME**	**DESCRIPTION**	**WHAT IS NEEDED**
Alessandra	Fast Fashion Trap	14-18	90 mins	First, we will analyse shopping habits and how advertising and shopping make us feel. We will play a Kahoot quiz to learn about the fashion industry and its problems. We will share some practical ideas for buying and consuming more responsibly. Finally, each student will create their own artwall using old clothes they don't wear anymore.	projector + internet + one old garment + cardboard and materials for drawing/cutting + glue
Clara	Spanish and Polish culture exchange (available in Spanish and English)	11-13 or 14-18	90 mins	In this workshop, we'll have the chance to learn about some of the great figures of Spanish culture: an actor, a painter, a writer, a band, a scientist or an inventor... We'll be able to listen to their music, watch a scene from a film or discover their creations. What's more, afterwards we'll be able to choose a figure from Polish culture whom we consider significant, and introduce them to the rest of the class. What is it about this person that makes them significant to us?	Projector with sound device + internet + cardboard and materials for drawing and writing
Clara	Think, plan, act	14-18	90 mins	Using design thinking, we're going to run a workshop where young people can reflect on our needs, as well as the major challenges we face in the world around us. Working in groups, we'll come up with different ideas to tackle these challenges, consider who we can collaborate with, and explore what we can do in our immediate surroundings.	Projector with sound device + internet + cardboard and materials for drawing and writing
Clarissa	Italian and Polish	7-10	90 mins	In this workshop, we'll have fun observing and analyzing the cultural differences between	Projector with sound

	cartoon - cultural differences			Italian and Polish cartoons. We'll start with a presentation about Italy and the Italian cartoons I watched as child. This will be followed by an interactive and engaging conversation with the children about their favorite cartoons, as well as an activity based on those cartoons. Divided into groups, we'll let them create their own cartoon however they like, incorporating both Italian and Polish elements.	device, internet, cardboard, papers, markers and pens, colors.
Lizi	Discover Georgia	7-10	45 mins	During this workshop, I will start with short information about georgia, where it is located, which countries are neighbours, etc. Then the students will draw a georgian flag. After this activity, I will show a video of georgian dances. Next is kahoot game "guess a georgian food ". Next, I will show some pictures of famous Georgian sightseeings. We will finish with "write your name in Georgian".	Projector with sound device, internet, cardboard, papers, markers and pens for writing and drawing.
